rosemary mint weightless conditioner

Q & A

Q: Has the product formula changed?

A: Yes, but there is no perceivable difference in the performance of Rosemary Mint Weightless Conditioner. Aveda removed a trace amount of an herb, and this change affected the color of the product, which is now white. The Rosemary Mint aroma stayed the same.

Q: The product names in the Rosemary Mint hair care system are different—why did Aveda change the names?

A: As Aveda expanded its hair care offerings, we wanted to create names that helped guests identify which products would be best for their hair concerns. That's why the system is now called Rosemary Mint Purifying Shampoo and Weightless Conditioner.

Q: Is the Rosemary Mint hair care system suitable for use on dry hair?

A: Rosemary Mint Purifying Shampoo and Weightless Conditioner help gently clarify hair, add weightless body and enhance shine. If a guest's primary concern is dryness, Aveda recommends:

- Cherry Almond Softening Shampoo and Conditioner for mild dryness
- Dry Remedy™ Moisturizing Shampoo and Conditioner or Sap Moss Weightless Hydration Shampoo and Conditioner for moderate to severe dryness
